- I stopped taking things toxic for my system
- I started Taking Holy Communion daily
- I stopped eating too much of beef e.t.c since then I noticed that my body rejects chemical substances and drugs (for consumption), though I grew in sickness and could not believe I will ever be healthy as my best place then was hospitals. Now I've celebrated 23 years of no Hospitalisation and 19 years of no medication. If you can be addicted to God, he will show you your personal way out of sickness. Welcome to a new world.
