## SERVE THE LORD WITH YOUR AREA OF SPECIALTY.

Serving the Lord becomes sweet and sweat-less when we use what we really know to serve him. Serving the Lord with your talent makes service sweet and highly rewarding. A person who is serving in the choir because he likes the choir can't be like those gifted or talented to sing. You can't handle a video camera and some photographer (equipment) camera like those that learnt the job or gifted. Serving the Lord with our area of specialty makes service easy and enjoyable. The only way to serve God without duress and for better output to the gains of God and your own greater reward is to use your area of specialty for God. You can sing to serve, do short video to promote this ministry. Use what you know how to do best to promote God's work on earth. some of the reasons some (people) won't use their area of specialty to serve God are (1)Man is self centered (2.) Fear of losing out (3.) uncovered, exposure of inner qualities. No matter what! hang on God because he won't owe you anything. When we serve him with our area of specialty then we become special in our field. Scriptural Reference: **Job 36:11 Exodus 35:4-5, 30-35. Ephesians 6:8 Hebrew 6:10 Be Blessed**
