SPIRITUAL WARNING SIGNALS

HOW GOD SPEAK TO US:

Some of us had claimed that God had spoken to us whereas he hasn't said anything to some of us. The regret and consequences of hearing another voice could be death. God speaks to his people especially:

- When Serving: It could be when you are sharing our gospel bulletin, preaching or when engaging in the gospel activities.
- When you are listening to the man of God sent to you.
- When you are worshipping God whole heartedly.
- When you are calling him in prayers with a sincerity of hearts.
- Personally when you are meditating, seeking and searching for the way out, God may dash into your mental faculty to grant you breakthrough. Apparently it's good to note that God's word will always put you through a process, don't rush because the process is for assurance. One wrong hearing (you followed) can terminate your Life.

Genesis 11 and 12,
